Environmental Technician

Position Title

Environmental Technician – Greenpoint, Brooklyn, NY

Position Description

Roux Associates, Inc., a national consulting and management firm headquartered in Islandia, New York, seeks an Environmental Technician for the Operations and Maintenance of several remediation systems at our project site in Greenpoint, Brooklyn.

Primary responsibilities will involve performing a range of environmental technician assignments while working with a team of technicians and receiving close supervision. Work will consist of hands-on O&M tasks including the following duties:

- Understanding environmental and health & safety regulations and performing work in a compliant manner with the regulations and facility safety requirements for all field work
- Inspecting system equipment to evaluate remedial system performance and identify potential malfunctions
- Performing maintenance on system components to ensure or restore proper operation and compliance
- Collecting samples from monitoring wells and system water and vapor samples
- Collecting, recording and evaluating system performance data
- Assisting project managers with the procurement of equipment and supplies
- General office assistance such as filling out log books and submitting reports
- Oversight and supervision of subcontractors involved in environmental protection and monitoring system maintenance and repairs

Position Requirements

- Excellent interpersonal/communication skills
- Positive team-oriented attitude
- A safety-first approach to all work activities
- Ability to perform heavy physical labor including the operation of machinery and climbing ladders to access equipment
- Ability to work outdoors year-round
- Valid driver's license (no DUI/DWIs)

Notes:

1. This is a safety sensitive position and requires drug testing as a condition of employment.
2. Work shift hours are anticipated to be 6:30 AM to 3:00 PM; however, occasional work outside these times should be expected.

Preferred Qualifications

- Previous sampling experience, familiarity with remediation equipment, processes, and maintenance
- Experience working in the field and around contractors
- Experience with working on piping, pumps, blowers and motors
- HAZWOPER certification

Note: Roux Associates will arrange for and pay for required employee training including the 40-hour HAZWOPER (Hazardous Waste Operations and Emergency Response) training per 29 CFR 1910.120.

Benefits

We offer a comprehensive benefits package which includes:

- Competitive salary
- Medical, Dental, Vision, Health Savings Account, Flexible Spending
- Life and Disability Insurance
- 401(k)
- Paid Time Off

Roux Associates, Inc. is a privately held environmental consulting firm founded in 1981. Services provided include site investigation, risk assessment, conceptual and final design, regulatory permitting and compliance support, litigation support, and construction management
